CAUTION This email originates from a source outside the company. Please use caution when opening attachments, clicking on links, or following the senders request.
US Ecology Michigan Disposal in Belleville, Michigan (MID 000 724 831) is currently acceptable to receive waste regulated by the CERCLA Off-site Rule. This facility was inspected 10/29/20.

Please note that this status does not affect the list of wastes the facility is permitted to receive under their various permits. It is still the responsibility of the waste generator to make sure a facility is permitted to receive all of the waste streams being shipped to the receiving facility(ies).

Subject: CERCLA check Michigan Disposal

I would like to check the CERCLA status of the following facility:
Michigan Disposal, Inc
49350 North I-94 Service Dr
Belleville, MI 48111
EPA ID# MID000724831

This request is in support of EPA Region 3 Shiloh Church Road site in Nathalie, VA. The site ID# A38Q and the OSC is Christine Wagner who is copied on this email. We would like to send approximately 140 Cubic yards of Lead (D008) battery casing debris for microencapsulation.
If you need any additional information, please let me know

Thanks
